## NATIONAL LEAGUE

CHICAGO HOME BATTLE IN NINTH WINS FOR PHILLIES.

Brooklyn, April 15.—The Phillies' home run drive over the right field wall in the ninth was needed to win today's game for the Phillies after they had secured a lead of seven runs over Brooklyn in the first seven innings.

Philadelphia 9-0; Brooklyn 0-9. Batteries: Smith, Weiner, Casey and Withrow; Munn, Mohr, McJus, Krueger and Elliott.

## BOSTON ONCE AGAIN BEATS GIANTS ON HOME GROUNDS.

New York, April 15.—Boston again defeated the New York Giants here today, 1 to 0.

Boston 1-0; New York 0-1. Batteries: Oeschler and O'Neill; Tony and McCarthy, Gonzales.

## ST. LOUIS EVENS UP SERIES BY WINNING FROM PHILADELPHIA.

St. Louis, Mo., April 15.—St. Louis evened the count with Pittsburgh today, winning, 3 to 2, after a sea saw struggle. Schupp's wildness was responsible for both the Pittsburgh runs.

Pittsburgh 3-2; St. Louis 2-3. Batteries: Cooper and Clarke; Schupp and Clemens.

## VAUGHN'S WILDNESS COSTLY FOR CUBS, LETTING REDS WIN.

Cincinnati, O., April 15.—Vaughn's wildness and the ragged fielding of the Chicago team enabled the world's champions to win their second game of the season today, 4 to 3, although they made only four hits.

Chicago 4-3; Cincinnati 3-4. Batteries: Vaughn and Kilmer; Ring and Rariden.

## AMERICAN LEAGUE

NAYLOR, STRONG AT START, SOON WEAKENS; YANKS WIN

Philadelphia, Pa., April 15.—A Naylor weakened after shutting out New York for six innings today and Gleib's single with the bases filled in the seventh scored two runs and the visitors defeated Philadelphia, 4 to 1.

New York 4-1; Philadelphia 1-4. Batteries: Quinn, Shore and Ruel; Naylor, Kinney and Perkins, Walker.

## "See New York State First"

In an effort to illustrate vividly to the New York state automobilists the wonderful scenic beauty, the splendid roads and unexcelled touring advantages of their own state, Motordom magazine has offered \$30 in prizes for photographs of scenes taken from New York state highways. Some years ago the New York State Automobile association coined the slogan, "See New York State First," and those motorists who have planned their tours to cover New York state have enjoyed the splendors and comforts of the best roads in the world and a scenic beauty unexcelled anywhere.

The regulations of the contest are simply that all photographs must be original ones—the contestants must be residents of New York state and the photographs must be sent to the editor of Motordom by May 5, when the contest closes. Secretary of State Francis M. Hugo, Commissioner of Highways Frederick Stuart Greene, and H. W. Robbins, president of the New York State Automobile association will judge the photographs submitted.

Three prizes will be awarded: a first prize of \$15, a second of \$10, and a third of \$5. The winning photographs will be reproduced in Motordom during the touring season. All photographs should be addressed to Contest Editor, Motordom, Albany, N. Y., and should be plainly marked with the sender's name and address and accompanied by a descriptive caption of the scene, not exceeding 100 words. Enlargements may be submitted but are not required. Photographs will be judged solely by the scenic beauty of the location photographed.

This is for men only. You know how unpleasant it is to try to wear a stretched out garter, makes you feel that you are losing something besides your sex. ## STEELS BRIGHT SPOTS IN SECURITIES TRADE.

Vanadium and Republic Exceed Many Usual Favorites With Substantial Gains

New York, April 15.—Trading in stocks was active with a strong tone at the outset of today's session in disregard of the higher discount rate announced by the Bank of England, but the market became irregular later when money and the labor situation overshadowed all other considerations.

Call loans opened at the unusual high rate of eight per cent, jumped to 12 during the uncertain intermediate period, advancing to 15 in the last hour but eased to 12 in the final dealings.

This partial relaxation was accompanied by a vigorous rally, especially in the more prominent "pooled" shares. Several of these issues attained maximum prices of the day and the general list made up a large part of its loss.

Among the strongest and most conspicuous issues were Vanadium and Republic Steel in which dealers far exceeded many of the usual favorites, at net gains of 6 1/8 and seven points, respectively, consolidated Textile at an advance of 3 1/4 and several of the motor specialties.

Oils were under pressure, although making only moderate reactions, with shippings and rails, but sugars, with a few exceptions, yielded much of their recent gains.

Seasoned equipments and steels also were subjected to variable reversals on profit taking.

Advances from the principal centers of industry indicated that the railroad strike had assumed more ominous aspect. The Pittsburgh district, for example, reported almost complete suspension of operations at mines and leading mills.

Yet another disconcerting feature was the further precipitate decline of Liberty bonds and Victory notes, virtually all of which established lower quotations in their histories on enlarged offerings.

The general bond market reacted fractionally to a point, international holdings steady.

Old U. S. bonds unchanged on call.

## SENTIMENT MORE FAVORABLE

When proceedings were begun in the assembly to unseat the five Communist assemblymen on the ground of their disloyalty, there were many who doubted the advisability of such a course and still others who did not believe that the members of the party were pledged to a course detrimental to the welfare of the country—that they were in fact traitors to the United States. The evidence adduced in the assembly, however, in a large measure removed this latter doubt, and an appeal sent out by the leaders of the party, and in its name, from New York on Wednesday, appears to sweep away the last vestige of it.

"Your strike," says the appeal, "is part of the great class struggle of the workers against capitalism. In this struggle there are only two sides—the workers' side, and that of the capitalists. Any man, any official, who is loyal to the workers, would have supported you in your strike, once it was begun.

"Sweep aside the traitors to the working class in your organization. Throw them out. Make your organization the militant expression of the masses of the workers. Keep it out of the reactionary American Federation of Labor. Make it a real fighting organization against low wages, bad working conditions, and, more important, against the capitalists and the whole capitalist system.

"The masses of the workers in other industries do not care a hang whether your strike is 'illegal' and you are 'outlaws' in the eyes of the betrayers. They know you are right in your demands.

"The Communist party of America is in full sympathy with you and its members will give you their support."

Is there any loyal American who can read this and still hold to the belief that a party actuated by principles such as these should be recognized by the seating of its members in our legislative bodies? Are there any who do not understand that the present conflict is as much of a fight against the Federation of Labor and the railway brotherhoods as it is against all organized government?

## DON'TS FOR SPRING

That the careless smoker is the cause of millions of dollars in losses in forest fires was declared by Prof. Oliver M. Porter of the New York State College of Forestry, formerly of the federal forest service when on Wednesday at Syracuse he told how Boy Scouts can combat fire peril in the state's forests. He is a Boy Scout camp director and discussed the problem from the standpoint of the Scouts.

"What can we, the Boy Scouts," he said, "do to fight this peril?"

"First, it is necessary to know the results of carelessness with fire in the woods, then we must know the proper use of fire, and finally we must be able to cope with those fires created by careless individuals who do not know enough to stamp on their cigarette or extinguish their morning's camp fire before they go to sleep. A few 'Don'ts' cover the situation.

"First, Don't drop a burning match or lighted tobacco in the forest. Be sure it is out.

"Second, Don't have a burning camp fire. Be sure that it is out. Cover it well with dirt, or throw sufficient water on it to extinguish the last spark.

"Third, Don't build your camp fire against the stump of a tree. In the first place the stump itself will catch and hold a smoldering fire long after your small fire has gone out. In the second case, your fire will scorch or burn the roots or bark of the tree as to cause serious injury which will result in the fall or destruction of the tree by insects or fungi.

"Fourth, Don't build a camp fire anywhere in the woods other than in a cleared area. This is especially true for a distance of three feet on all sides of the fire. Remember that the forest floor is at best inflammable as a result of exposure, and is difficult to put out once it is ignited.

These 'Don'ts' are important at this time, when the forests around Oneonta are burning dry, and every boy or man who goes afield these April days should keep them in mind.

## OTSEGO DEMOCRATS ORGANIZE

Committee Meets in Oneonta—Chairman Miller Elected.

The members of the Democratic County committee for Otsego met yesterday at the Oneonta hotel for the purpose of organization. There was a good attendance, and on motion the former officers were re-elected as follows:

Chairman—Chester A. Miller of Oneonta.  
Vice Chairman—E. H. Salisbury of Hartwick.  
Secretary—Charles J. Beane of Oneonta.  
Treasurer—Everett B. Holmes of Oneonta.

An executive committee, to consist of seven members, will be named by the chairman at an early date.

## HIGHWAYS AND ASSESSMENTS

IMPORTANT MATTERS DISCUSSED BY BOARD OF SUPERVISORS YESTERDAY.

Specifications for Worcester-Deatur Road Are Submitted and May Be Decided on Today — Considerable Discussion Over Matter of Assessing Property at Full Value.

Copertown, April 15.—The county Board of Supervisors met in special session at the court house this afternoon for the purpose of considering various important matters, including the adoption of specifications for the Worcester-Deatur highway, which is the next road in order of construction in the county.

Specifications were received from the State Highway department showing both the bituminous macadam and reinforced concrete type of construction. The type of construction will be fixed by a resolution of the board, and the county's share of the required fund appropriated at this session of the supervisors.

A communication was received from the State Highway department stating that the Springfield-East Springfield road had been designated to be built by federal aid and suggesting that any funds remaining to the credit of the county after the completion of the Worcester-Deatur road be used for Road No. 1,552, beginning at Ferguson's Corners on the Morris-Oneonta road, and running thence through Laurens, Mt. Vision, South Hartwick and Hartwick.

A report from the State Board of Charities was read, commending the inspection of the county almshouse and farm. The report suggested several changes and improvements, which it is expected, will be acted upon by the county. The matter was referred to the committee on charities.

A discussion of the matter of assessments was opened by Frank M. Smith of Springfield, who advocated the raising of assessments in all towns of the county to a 100 percent basis. Such action, he explained, would result in a gain of about \$20,000 in the amount of state income tax funds to be returned to the county by the state. The amount of this refund is determined by the assessed valuations in the several counties of the state; in Otsego at the present time property is assessed at only 50.5 percent of its value while if it were assessed at full value, the refund would be proportionately larger.

Mr. Smith pointed out that the present law requires that property shall be assessed at its full valuation, but nevertheless, this had not been carried out in Otsego. Several of the supervisors joined in the discussion of the question, and a majority seemed to agree that the 100 percent assessment plan should be carried out. No definite action was taken, but it is expected there will be tomorrow. It is probable that the action will be in one of these forms: A resolution will be adopted requiring that each member of the board shall exert his best efforts to get the assessors of his town to assess property at full value; or an equalization committee of three members will be appointed to equalize the taxes of the towns of the county.

The board will convene again tomorrow, and if the work is not completed by the end of that day, the session probably will be held over until Saturday morning. There was a full attendance at the meeting today, including the new member from the town of Morris, E. E. Carpenter, who fills the vacancy caused by the resignation of Chester T. Backus. Mr. Carpenter has had previous experience on the board, once before filling a vacancy, and the members were glad to welcome him again today.

## LISTEN LESTER APRIL 21

Popular Musical Comedy at Oneonta Theatre Matinee and Night.

No musical comedy of the Broadway season has achieved the popularity that has been won by "Listen Lester," which comes to the Oneonta theatre matinee and evening, Saturday, April 24th, in the entire New York east, chorus, production and special company orchestra. Produced under the direction of John Corbett, "Listen Lester" was welcomed into New York and was soon classified as the smartest dancing musical comedy of the year. The work of Harry L. Corbett, George H. Stoddard and Harold Wilson in "Listen Lester" soon brought a goodly amount of fame to these three young men from the West, its plot, smoldering in a burning song and snappy dances, concerns the tribulations of a flirtatious Colonel, who only eludes one pursuing dame to fall into the clutches of a more sophisticated widow. Pretty girls, who crowd the southern winter resort, surround the Colonel in Florida, a hotel porter, a clerk, a maid and a maid porter, the "Listen Lester" story is not well told in the story and laughter and tears that have become classics. The musical comedy, the evening performance, the whole a production which Otsego has not seen for many a day. Seat sale April 21st, 2 p. m.

## College Girl Packs Up Her Troubles in Her Old Kit Bag

Dull Care Is Banned at Y. W. C. A. Conferences Where Qualities of Leadership Are Developed.

"—and smiles, smiles, smiles!" It is one of the best preparations for leadership, the thing most demanded of the college woman. Whatever diversity of opinion there is as to what she should be taught—diction, or Latin, cooking or chemistry—there is no question that she should be trained for leadership.

In its more than seven hundred student associations the Y. W. C. A. is attempting to develop leadership in the widest of all fields—service. The young lady who "has packed up her troubles" in the picture is a leader at the Student Conference at Silver Bay, New York, which the Y. W. C. A. holds every year just after commencement.

The question of the basis of student membership is to be taken up at the National Convention of the Young Women's Christian Association to be held in Cleveland, the third week in April.

## OTSEGO IS COMPLIMENTED

Dean Moon of College of Forestry Pays High Tribute to Our Progressive County—Address by Floyd S. Barlow.

Syracuse, April 15.—High compliments were paid to Otsego county for its work toward reforestation of its barren areas by Acting Dean F. F. Moon of the New York State College of Forestry, when Floyd S. Barlow, manager of the Otsego county improvement association, told of the work which had been undertaken in that county.

"It is difficult," he said, "to persuade the public to buy land and plant public forests, but we have ordered 75,000 trees which will be planted this spring by private parties, and eventually it is hoped that Otsego county will carry out the proposal to establish a chain of township forests, and set a new mark for progressiveness in the forestry movement.

"This spring's planting will be widely scattered, in different parts of the county. There will, for instance, be 42,000 trees planted in eight townships, by fourteen different individuals. In the belief that this forest area will eventually pay a money profit to the owners, the Otsego water company will plant 12,000 trees to protect its water shed, and a company has been formed to purchase 150 or 200 acres of abandoned or barren land, and convert it into a forest. The owners, I understand, will this year plant 20,000 trees, as a starter, and plant more each year until the entire tract is covered with a new growth. This shows that the people in that region believe this is the way to make idle land pay for itself.

"This kind of work is the best advertisement for the county and for forestry," said Dean Moon in comment, and Otsego county is to be commended upon its progressiveness.

## FARMERS NEED NOT WORRY.

Local Dealers Have Good Supply of Feeds and Seeds on Hand.

According to local dealers, the farmers of Otsego county need have no fear of a shortage of feed and seeds due to the railroad strike. They believe their present supply is adequate to meet the demand for weeks to come, and it is hoped that by that time the strike will be a thing of the past.

H. M. Goldsmith, of the Elmore Milling company, states that the company has a good supply of feed and seeds. Farmers are now buying corn and oats for planting in large quantities, but the company expects to be able to meet the demand. As for feed, there also need be no fears. The company has several car loads of grain on the road from the West, but these are of course tied up by the strike. Nevertheless, the supply in the Elmore mill here still is sufficient.

Inquiry at the offices of Morris Brothers and A. E. Ford & Son, the other local dealers, brought the information that there is as yet no shortage in seeds and feeds. The Fords report that they are getting some shipment over the O. & W. by way of Sidney, but of course there are no shipments from Elmhurst, where everything is idle. When summed up, the situation is not an alarming one, but farmers of the county would do well to get their orders in early so as not to take a chance of being disappointed.

Wanted—Stenographer and general office assistant. One with experience preferred. Address Grand Union Tea company, 138 Main street. advt 1t

## PROCEEDINGS OF CO. BOARD.

Comprehensive and Well Printed Volume of Nearly 400 Pages.

The proceedings of the board of supervisors of Otsego county for the year 1919 have just been issued and is now in the hands of the supervisors of the county for distribution. The book, which in its present size it is a misnomer to call a pamphlet, contains 225 pages, including cover, and embraces within its pages practically all that citizens of Otsego could desire to know concerning county and township affairs.

It is a well-printed volume, for which much praise is due to the office of the Freeman's Journal and more over, carefully compiled and edited, for which D. J. Kilkenny, esp. the clerk of the board, should have credit. In addition, it is embellished with excellent portraits, songs and in a group of the lawmakers of the county.

For Sale—Round dining room table, inquire 32 Main street. advt 2t

## What Price For a Suit?

What is your guide in deciding on the price you wish to pay for clothes? Do you expect your dollar of 1920 to measure off a 1914 dollar's worth of value? Do you demand a suit at a fixed price, a price you have always paid for a suit, to bring you a certain quality of fabric and tailoring?

Or do you look for a definite quality of clothes and pay what they are worth—at the present dollar's buying power? What you get for your money is the important question for you—not what you pay.

Some are expensive no matter how cheaply they are priced.

## Kuppenheimer Clothes

are inexpensive at any price, because the value is there.

## Miller-Strong Drug Co.

327 Washington Street  
Buffalo, N. Y.

The Miller-Strong Drug Co. will mail quarterly dividend checks to stockholders the 17th, which is Saturday of this week. Along with this dividend will be a notice to the effect that the remaining shares of stock of this company will be reserved for the present stockholders, allowing them to purchase a proportionate share of their present holdings. The company feels it their duty to give them this privilege. It is expected that the present stockholders will avail themselves of the opportunity to purchase what is left in the treasury of this stock. When this stock is sold it will be impossible for us to obtain any more for you.

There is no retail business in the country that is more universally successful than the retail drug business, and the record of the sixty odd chains of drug stores in the United States shows nothing but success and rapidly increasing earnings, and anything approaching failure is unknown to these companies. Without a single exception these organizations were developed to large proportions from very small beginnings. The Mays Drug Co. in Pennsylvania state that they have no common stock for sale, as do the Owl Drug Co., and the Dow Drug Co. of Ohio.

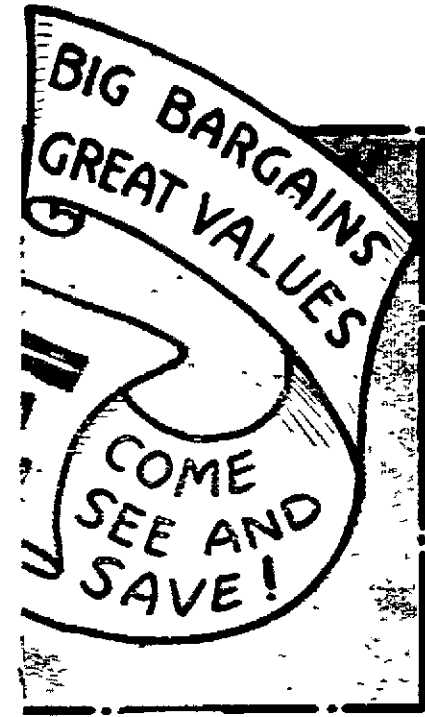

The Miller-Strong Drug Co. does not wish to sell its securities on the record of some other company. Nevertheless they do not hesitate to state that their sales and net profits will exceed that of any other group of drug stores in the country with the exception of the Liggett - Riker - Hege - Strong Drug Co. yet may be had with each ten of preferred. Investors in Oneonta and vicinity still have an opportunity to purchase this preferred and common stock by phoning 18, or calling at 246 Main street, this city.

## Second Annual Mill Remnant Sale

We're not going to talk of "mile-stones" and "ancient history." We're going to show our appreciation for the marvelous growth of this business with REAL MERCHANDISE, at REAL REDUCTIONS, believing that in commemorating such an occasion as this the public is more interested in REDUCING THE HIGH COST OF EVERY-DAY NEEDS, rather than what the store has done in years gone by. Read every item. Each pays a handsome tribute to this store's ability to undersell. Everything is new. Everybody can be supplied. No matter what your needs may be, you will find just what you want in this sale at a positive saving.

### LOCAL MENTION.

—Dr. Arthur W. Cutler has purchased of J. A. Dewar, the local agent, a new Cadillac roadster which has been delivered.

—Chautauque guarantors for 1920 are reminded of the meeting to be held at the Chamber of Commerce this evening at 8 o'clock to consider the next summer Chautauque.

—This evening at 7:30 a debate will be held between the Men's Bible class and the class of John T. Lyon in the parlors of the First Methodist Episcopal church. All men of the church are cordially invited to attend. Refreshments will be served at the close of the debate.

—Chief Horton desires The Star to sound a warning to the boys and others who are riding bicycles upon the walks of the city. Now that the streets are usable by bicyclists the use of the walks cannot be overlooked, and complaints that pedestrians have in some instances been driven from the walks will result in some arrests unless the practice is discontinued.

—Coal prices were advanced yesterday on all grades of anthracite to the extent of \$1.30 a ton. This was on notice from the D. & H. company that the price would be advanced in all this territory. These prices will prevail only so long as the miners' wages remain unsettled. It is said that the independent as well as company dealers are all now retailing at a uniform price.

### GENERAL MANAGER LOREE

Pays First Visit to City Since Return From Service.

J. T. Loree, general manager of the D. & H. system, who recently resumed his duties after an extended service with the colors, having been a member of the quartermaster's corps of the Twenty-seventh division with the rank of major and later assigned to other duties in connection with transportation problems, was in the city last night for the first time. It is believed, since his return from the service. He is in fine physical trim and was fortunate enough to keep well all through his term of service.

He expressed his pleasure at seeing Oneonta again and his gratification to learn that the trouble in the yard here had been ironed out by the general chairman. He voiced regret that the men had been influenced to take such an ill-advised step and expressed an earnest hope when the conditions will become normal again and the railroad be in position to handle the volume of business awaiting them.

### Meetings Today.

Regular meeting of Oneonta council, No. 358, United Commercial Travelers, this evening at 7:30 in Odd Fellows' hall.

There will be a meeting of the vestry of St. James' church this evening at 7:30 o'clock at the rectory.

### Hospital Staff Organizes.

The hospital staff of the Fox Memorial hospital met for organization last evening at the home of Dr. A. W. Cutler, 25 Watlins avenue. Dr. Cutler was elected chair; Dr. Marsh, assistant chair; Dr. McMenamin, secretary; and Dr. Parish, historian.

This was followed by a discussion of ways of bettering the surgical and medical phases of the hospital work.

### Slight Motor Collision.

There was a slight collision at the corner of Eighth and Main streets yesterday, which resulted in but little damage. A motorcyclist driven by V. J. Barnes hit the Ford car in which Dr. Cook of this city was riding, smashing the rear wheel of the Ford and bending the front wheel of the motorcyclist. No one was injured.

### LASTED BUT 24 HOURS

Striking Yard Trainmen on D. & H. Return to Work

ONLY 25 MEN INVOLVED.

Employees on Other Hours in Same Service All Report for Duty—General Chairman Degnan, Payne and Hamilton Urge Men to Return.

Conditions are again normal in the D. & H. yards in this city, the 25 men who left their posts the previous night returned to work at midnight last night and the incident, it is understood, will be recognized as a closed one both by the company officials and the officers of the organization effected. None of the employees of the company other than those engaged as trainmen and on the night shift went out and they were at work at midnight.

Early yesterday morning, as soon as it was known that the yard crews were unannounced by trainmen, George C. Payne, general chairman for the division of the Order of Railway Conductors, and Walter E. Tammert, local chairman of the Brotherhood of Trainmen, set themselves at work. Being unable to reach the men and the circular which they sent to this office for publication in The Star of yesterday reaching this office after the paper was nearly off the press, was issued in circular form and copies were freely distributed. It states that the movement was unauthorized and counseled the men to remain at work and remain steadfast to their organizations.

This was probably unnecessary as the shift that works from 8 a. m. to 4 p. m. all were at their posts and there had been no indication that they would not be. In fact the action of the night shift was entirely a movement of their own. The men reporting at 4 p. m. were at work at the regular hour with the exception of perhaps a couple of men who may have been absent for other reasons.

At the request of some of the members of the Brotherhood of Trainmen, a meeting of the local lodge was called at 5 p. m. at their lodge rooms and last evening a second meeting was held at Municipal hall, where a large gathering of the men assembled. At this meeting Martin Degnan, general chairman of the Brotherhood of Locomotive Firemen and Enginemen, and Mr. Payne of the Conductors were present and addressed the men, reading letters from the chief officers of the brotherhoods notifying the men that the movement is unlawful and calculated to injure their organizations.

What transpired at the meetings is not disclosed, other than the reading of the letters from the head officials. When the attitude of the organizations was made known and the position made clear in which the men would be placed, it is understood that an agreement to return at once to their positions was secured. The men return without prejudice to their rights with the organization or with the company.

Oneonta, which has looked upon company employees here as men of good judgment and loyal to the four brotherhoods, will rejoice that the decision to return was reached. To Messrs. Degnan, Payne, Hamilton and Tammert for their prompt action in the delicate situation and the early adjustment of the trouble before it became more widespread, much credit is due.

### D. A. R. MEETING FOR APRIL.

"King-ton" Theme of Interesting Program Thursday Afternoon.

The monthly meeting of Oneonta chapter, D. A. R., was held Thursday afternoon at the home of Mrs. C. C. Colburn on Center street. The hostesses of the afternoon were Mrs. Colburn, Mrs. A. M. Curtis and Mrs. Martha Strong.

The program, which was in charge of Mrs. T. W. Stevens, had for its theme "Kingston" and it was one of a series dealing with the early history of American cities. Mrs. Stevens gave a most interesting sketch of the early history of the city, with particular reference to the trading posts, the pioneers and many historical facts in connection with that period. Mrs. L. S. Dauley, who followed, narrated many facts of interest in connection with the lives of the settlers, and the British occupation, giving also numerous incidents recorded in the annals of that era. A beautiful honey dipper, taken from the city by the fleeing residents before the burning by the British about 149 years ago, and courtesy of Mrs. L. J. Dunn, was an honored for this occasion through the exceedingly interesting feature in connection with the program.

Miss Annie Waters, with Mrs. Kendall Dunn as accompanist, delighted the membership with two vocal solos, "Sing On" and "The Swing."

### Y. M. C. A. DRIVE LAGGING

BUT WORKERS ARE PREPARING FOR WHIRLWIND FINISH.

Navy Forges Ahead of Army in Campaign to Raise \$7,500 for "Y" Work in Oneonta—Noon-Hour Luncheon Addressed by Dr. Dann.

With the campaign week half over and the financial goal still far from reach, Dr. George J. Dann, city superintendent of schools, urged the Y. M. C. A. workers at the noon-hour luncheon yesterday to put more of their time and effort into the campaign that has for its purpose the raising of \$7,500 for "Y" work in Oneonta. Citing the fact that but 125 of the present 450 members of the Y. M. C. A. had renewed their memberships for another year, Dr. Dann pointedly asked the workers "What are you going to do about it?"

The speaker referred to the fact that the Y. M. C. A. is an excellent place for young men's gatherings and said that money was needed in order to put on attractions that will draw the young men into it. "The Y. M. C. A. needs no apology," he added. "It is an established institution and a vital factor to this community, but like everything else, it cannot run without support."

Although the campaign appears to be lagging, Admiral Bookhout, of the navy, and General Beckstedt, of the army, are laying plans for a rush in the final days of the drive which will be sure to put it "over the top," they say. Another luncheon will be served at the "Y" today, for which there is no charge to workers, and it is hoped a large number will turn out, as ample provision has been made to have "feats" for all. Another good local speaker will be present.

The navy forged away ahead of the army yesterday, as Admiral Bookhout had promised, it having 1,223 points, while the army had but 945. General Beckstedt is believed, however, to be using strategic methods, as he is a general, and many are expecting that he will soon "spring" a surprise of his own. Only \$361.50 in subscriptions and memberships were reported for the 24 hours ending yesterday noon, bringing the total for the campaign up to \$2,560.

### CADET DRILLS DISCONTINUED.

Attendance at Drills Exceptionally Good—Instructors Complimented.

The cadet drills for companies B and C of the 49th regiment, Cadet corps of the state of New York, held under the supervision of the State Military Training commission, were brought to a close last evening. It is understood that it was necessary to discontinue the drills on account of a lack of funds with which to carry them on. During previous seasons the drills have continued until the first or middle of June. Most of the cadets enjoy their weekly drill, which consists of a talk upon some interesting topic for twenty minutes and the cadets of this city have been unusually fortunate in having our best citizens speak to them, then follows a half hour of regular military drill, followed by a half hour of setting up and physical exercises with supervised play. Altogether it is an hour and a half of mental and physical drill which should assist and stimulate most any boy with red blood coursing through his veins to make of himself a better and healthier American citizen. It has been the aim of the Military Training commission through its instructors to particularly look after the physical defects of the cadets and through physical exercises, medical treatment, and otherwise correct the defects. The attendance at drills throughout the past season has been exceptionally good, in fact, so good that the instructors have been complimented thereon by the supervising officer.

It is expected that the summer camp this year will begin about the 26th of June and extend until about August 21st, divided into periods of two weeks each. This is an excellent opportunity for parents to see their sons have a two weeks' vacation in which they can rest assured that the boy will not only be cared for but he will have the best of instruction provided for him. There probably will be no expense to the cadet, excepting the purchase of a uniform, which is quite inexpensive. Those cadets desiring to attend the summer camp should leave their name and address with Sergt. Westcott at the army, for only those who leave their names and addresses will be given further information in regard to the summer camp. A large number of the cadets have already signified their intention of availing themselves of generous conditions made available to them by the state and the sooner the name is sent in the better the chances of the cadet. Lieutenant Henry D. McLaury and Sergeant Reuben H. Westcott have been the instructors for the past season.

A 25-cent supper will be served by the ladies of the Main Street Baptist church Saturday evening in the church parlors commencing at 5 o'clock. Menu in tomorrow's Star. adv 11

## WITH OTSEGO PRESBYTERY

Annual Spring Meeting to Be Held Next Monday and Tuesday in First Presbyterian Church at Worcester.

The spring meeting of the Otsego Presbytery will be held in the First Presbyterian church at Worcester, next Monday and Tuesday, and ministers, elders and delegates from every church in the presbytery are expected to be present.

The opening session of the presbytery will be held Monday afternoon at 2 o'clock when there will be the roll call and routine business matters, including the reading of the minutes of the last meeting and the reports of various committees. Another matter will be the examination of E. Haliday Woods, son of Dr. C. R. Woods of Delhi, for licensure as a pastor. This session will close with a devotional service and sermon by the retiring moderator, Rev. Walter D. Carter, and the sacrament of the Lord's supper.

The Monday evening session is styled a "popular meeting," at which addresses will be given by Secretary Aaron W. Maddox on "Work Among the Adirondack Lumber Jacks," Mrs. George H. Patrick, representing the Women's Board of Home Missions, on "A Missionary Message for the New Era," and Rev. Robert C. Richardson of Sangli Mital, western India, on Foreign Missions.

The closing session will take place Tuesday morning, when there is a great amount of business to be transacted, including the reports of a number of committees. Among the officers who will be elected will be a stated clerk and treasurer for three years to succeed Rev. W. D. Jones, a successor to Rev. E. C. Petrie for three years on committee on vacancy and supply, a chairman of this committee for one year to succeed Rev. W. D. Jones, commissioners to the general assembly at Philadelphia next May, trustees for three years to succeed Rev. Dr. J. C. Russell and Rev. N. S. Becker, successor to Elder J. M. Moore for three years, and director of Auburn Theological seminary for three years to succeed Rev. E. C. Petrie.

In connection with the sessions of the presbytery, the Women's Presbyterian society, made up of the wives of ministers, elders and other church workers, will meet in the Baptist church at Worcester, with sessions Monday afternoon, Tuesday, morning and Tuesday afternoon. Among the speakers are Mrs. George H. Patrick, Mrs. T. B. Roberts, Mrs. D. S. Haynes, Mrs. W. D. Jones and Mrs. George McCullough.

The public is cordially invited to attend the sessions of the presbytery.

## The Long Expected

Harvey's Greater Minstrels headed by Duke Anderson and Lawrence Baker, both natural comedians are due here soon. They are both natural from the fact that they act natural, just what they are, the regular dyes in the wool negro comedians, and they do their best to create laughter and create a furor of amusement at every performance.

Traveling in their own steel cars, this company of fifty colored artists are playing the principal cities and towns of the state and judging from press comments and verbal criticisms heard, Harvey's Greater Minstrels are more than making good. Oneonta theatre, matinee and evening, April 16th.

History informs us that in the time of Samson they wore whiskers much more than at the present day. But they were not so particular about clothes, the absence of it and those things that are considered important was conspicuous.

We are more particular than most of our customers about the little details of correct fit and model, and as for qualities we're cranks. We're sometimes ashamed to charge the price necessary, but at that we find that we are below some others of equal value. Spencers advt 11
